Let Us Show You: 100 Years of Missouri Holsteins

We Need your HELP!! *Let Us Show You: 100 Years of Missouri Holsteins*, the Missouri Holstein history book will soon be a reality. There is still time for you to submit more information and photographs, but time is running out. Layout has begun and photos are desperately needed along with herd biographies.

This book will cover all aspects of dairying in Missouri. Topics will include: History of the dairy industry in MO from Civil War to WWII, the number of cows, production levels and advances in dairying; History of dairy industry post-WWII in Missouri; Early history of Registered Holsteins in MO with a profile of M.E. Moore; the Formation of MO Holstein Association highlight the major people behind the movement.

Another section will feature the state and national Holstein leaders from Missouri. All former and the current president of the association will be listed, along with any Holstein USA officers and directors from Missouri, and those who have served as a Holstein USA National Director from Missouri. There will be details of those from Missouri who have been recognized by the National Dairy Shrine, World Dairy Expo and the Missouri Dairy Hall of Honors.

One of the more entertaining sections will be a question and answer chapter from various Missouri members of their experiences through the years. For some of the former classifiers, the topics will cover the adults who influenced your judging ability while a youth, years of being classifier, best animals scored, and memorable stories while classifying. Darrell Robertson, a former program director for Missouri has written many of his experiences in a section entitled, "Do I have Tales to Tell You!" Others who spent time in Missouri will also share their thoughts. They include Morris Ewing of ABS, Dr. Robert Rumler and Dick Nelson of Holstein USA, Dr. Fred Foreman, Darrell Pidgeon and Ken Melvold along with many others.

Cows who have called Missouri home will be a predominant feature of the book. Efforts are being made to obtain as many photographs of these cows as possible. World Record cows such as Missouri Chief Josephine and Robthom Suzet Paddy will be highlighted. Other sections will include Cows of Distinction with names such as Round Oak Ivanhoe Lady, C Woodfield Inspiration Lou and Hegeman RORAE May; Gold Medal Dams, 200,000 lb cows; Cows and bulls classifying EX-94 or higher, cows earning 4E distinction, cows with 5 or more Excellent daughters, and Missouri animals which have earned All-American honors.

Missouri was on the forefront of the A.I. industry and those efforts will be profiled. An article from A.C. Ragsdale on early bulls in Missouri will be included, along with information on some early studs such as MFA Dairy Breeders and Midwest Breeders Service. Bulls from Missouri which have made an impact and those who can trace their lineage back to Missouri will also be featured.

The outstanding juniors and former junior members have their own chapters. Distinguished Holstein Members, both Missouri and National, will be featured along with Junior All-Americans from Missouri. The former and current Holstein Princess and Holstein Miss will be included, as will the scholarship winners.

Of interest to all will be the biographies of Missouri dairy herds, both past and present. Missouri breeders have been working and submitting their bios and photos. Efforts are ongoing to capture the details of herds who are no longer with us.

FARM HISTORIES We are looking for all past and present herds to write up their history. Every herd in Missouri is worthy and has a story to tell. This winter is a great time to get this project done and dig out those photographs. Please encourage neighbors or others that might not receive this to do their history as well.

Following is a rough list of what owners can include in biographies: year farm was established, early years of dairying, principal owners and workers, year registered Holsteins came to farm, year prefix was reserved, acres owned and crops grown, feeding program, milking setup used, herd production, classification scores, noteworthy cows bred and/or developed, bulls that worked well in herd, how herd ended or in present herds, and future plans. **Note:** Please send the sharpest photos you have for the best quality. For most herds, a 1 to 2 page biography with pictures of their main cows should suffice. Others might be longer. Right now, there is no restrictions on length.

PHOTOS NEEDED Following are the list of photos that are needed to make the book complete. Photographs are what is going to make the book interesting and complete. BUT, we need your help in getting them. Please review the following pages to see what is needed. Please send labeled photos to the following address. They will be returned to you. Please send photos by March 1st, or let us know if you don't have your photos so we can try and find them elsewhere. Help us also by contacting others on this list that might not receive the Pulsator, so they can be included. Photos not on these lists can be included in your personal herd biography.

*Please mail your information and photos to John Underwood, 521 South Ave, Sparta, MO 65753
or email: montvic_246@hotmail.com. Once information is scanned the photos will be returned to you.
Please label any people and animals in the photos.*

MISSOURI MEMBERS GET TO PRE-ORDER HISTORY BOOK AT A REDUCED PRICE: Missouri Holstein is asking that all members pre-order the Missouri 100th Anniversary History book this year with their membership. Our state is hosting a National Convention and publishing an extensive book at the same time. We realize that not everyone will be able to help with the convention, but every member can help by purchasing a book.

You are not just donating your money, you will receive a great book when it is published. This allows our whole state to support the convention and our history. If you don't need all of your copies you could donate it to the local library, give one to your FFA chapter or 4-H extension office, or use it as a prize at a local or district show. What a great way to share the history of dairying in our state with future generations. The book will also be cheaper now at the \$35 price. It will be sold for more at the Missouri National Convention. Thank you for your support!

Missouri members can pre-order this book for \$35 with their 2011 annual Missouri dues.
